Goal is to obtain health care for all as a human right. Our first step on April 13th. is to gather coalition members of labor, community organizations, medical community to decide immediate goals, time schedule and elect officers. Eugene Health Care for All Oregon will urge that the following resolution be passed in every community in Oregon:

Whereas there are many components that contribute to good health, including the ability to respond to sickness, disease and injury; and

Whereas achieving the goal of living a healthy life is impossible without the ability to access health care; and

Whereas health care should be available to everyone; and

Whereas the lack of available health care is a barrier to opportunity, success and quality of life; and

Whereas Oregonians should not be divided between those who can afford to be healthy and those who cannot; and

Whereas Oregonians should not be divided between those who have hopes and dreams and those whose sickness, disease, or injury rob them of their hopes and dreams; now therefore be it resolved by \_\_\_\_\_ that:

The Constitution of the State of Oregon shall be amended by creating a new section 46 to be added and made a part of Article 1, such section to read:

Section 46. It is the obligation of the state to establish a single system that would ensure that every person in Oregon has access to equal, effective, comprehensive, medically necessary, and affordable health care, as a fundamental human right.

Our goal as part of the coalition will be to educate the public with speakers,

educational materials, events.
